

## GUIDELINES FOR SUCCESSFUL CANNING AT OWL RIDGE WINE SERVICES (ORWS)

### Cans:

- ORWS can typically accommodate the following can sizes: 375 mL Standard; 355 mL Standard; 355 mL Sleek; 250 mL Slim. Other sizes (200dia or 202dia) are possible.
- Please liaise with ORWS regarding quantities required, factoring in industry-typical loss rates etc.

### Labels/Sleeves:

- Please order a minimum delivered excess of 200 labels.
- Label specs: 11" maximum outside diameter; 3" core; Wind #4 ('left-off'). Minimum 1/8" spacing between labels on roll.
- Laminated, metallic, irregularly-shaped, transparent or very large labels increase the risk of poor application.
- Front and back labels (as applicable) on the same roll is preferred.
- Sleeve material should be a clear slip-type finish
- If applicable, ORWS will need label details to submit for label approval prior to printing.

### Boxes:

- Boxes must incorporate a self-adhesive strip for closure. ORWS does not provide gluing.
- Boxes must be delivered as flat 'knock-downs' rather than assembled.

### General Tips and Requirements:

- Please provide a proof and/or spec sheet of all packaging components to ORWS prior to ordering. Please also provide a physical sample of all packaging. All packaging is subject to approval by ORWS before canning/labeling commences.
- Please refer to our 'Canning Frequently-asked Questions' document on our website for additional details.
- Shipping protocols, hours, our address etc can be found on our website.
- All deliveries should be made at least three days prior to canning.
- Please make sure your company name is clearly stated on all deliveries.
