

Owl Ridge Wine Services

Standard Bottling Package Guidelines

Glass:

- Standard cork finish and Stelvin-compatible screwcap bottles are acceptable.
- Tapered glass should have conforming labels.
- Please supply at least fifteen extra cases of glass .
- Formats other than 750 mL bottles are possible. Please discuss with ORWS.

Capsules:

- We can accommodate tin and 'poly laminate' capsules. Please check with ORWS about using other types.
- Please supply 12.2 capsules per case.
- Please verify capsules fit on bottles before ordering.

Closures:

- Natural, synthetic and micro-agglomerate corks up to 49mm in length can be accommodated.
- Please order at least 12.2 closures per case.
- Screwcaps must be R.O.P.E. Stelvin-compatible.

Please ensure all packaging is delivered to Owl Ridge Wine Services (ORWS) at least three days before bottling and please confirm ship dates and times with ORWS at least 48 hours in advance. Delivery and pick-up hours are 8:15am-3:30pm, Monday through Friday. Please provide a contact name and number for all trucking companies. Please ensure all deliveries clearly state the destination client name on the packing slip. No bottles/cases are to be removed from ORWS without authorization and a signed Bill of Lading. All packages are subject to approval by ORWS before bottling/labeling commences. Information and recommended quantities above presume a 12-bottle case. Please provide a sample of all packaging materials to ORWS prior to delivery.
